

Spring Creek School Land Trust Plan and Information

2018-19

Allocation: 47,396

Funds Used: *(Will be added in the summer 2019)*

Funds will be used to support meeting the goal listed in the Spring Creek School Land Trust Plan.

Goal: 75% of students K-6 will make typical or above progress as measured by the DIBELS MOY and EOY assessments. We are choosing one goal related to reading. Our increased knowledge in using the DIBELS assessments and reports helps us to identify several areas of possible concern for students in their mastery of reading. This measure helps us know if our interventions for Phonemic Awareness, Phonics, Fluency and Comprehension are effective. This is an assessment that students K-6 are using so it provides a good measure for how we as a school are performing in helping students make typical and beyond typical progress. It also provides easy to access and use reports to measure our progress towards the goal. The State only reports on 3rd grade scores. We want to focus on how all students are progressing.

Funds will pay for:

1. Teacher Collaboration Time Instructional Assistant to provide teachers common time to do in depth data analysis, instructional grouping and planning with related services.
2. Intervention Para professionals to administer tier 2 and tier 3 instruction on target skills as identified by DIBELS data analysis
3. Behavior Interventionist partial salary

Report on the Goal:

(Will be added in the Spring of 2019)

What is the SCC? The School Community Council at Spring Creek Elementary is a committee of interested community members including parents, school staff, and administrators who meet to discuss parent issues, Trustlands money, Reading Achievement and other concerns. If you have issues to discuss or suggestions on how to improve our school then the SCC is the place for you!

What would be my time commitment? The SCC meets 4-6 times during the school year for approximately 1 hour. (Exact dates and times will be determined by committee member availability and then posted on the school website.) This is a small time commitment that can have great impact!

How to get involved? All parents are welcome to attend any School Community Council Meeting. Agenda and Minutes are posted to this website.

You can also apply for the Spring Creek Elementary School Community Council for the 2019-2020 school year. Information will be posted to the website in the spring. Members are elected and serve for a two-year term. Members may apply and serve more than one term, but must be re-elected. If you are interested in serving on the Spring Creek SCC or have questions about the SCC, please email Principal Franklin at JillFr@provo.edu
