  - Digital Citizenship
  
- **2015-16 Plan Report**
  
- **Amend the current plan due to WIDA conference travel not being approved.**
  - Review current plan
  - Proposal Review -- Differences in allocations moved from WIDA training to Intervention Para salary

Jill proposed an amendment to the SCC plan. Travel to the WIDA conference was not approved. We need to reallocate the money. The proposal is to allocate it towards salaries for teacher collaboration time and intervention para. A proposal was passed out to the SCC.

Jill Franklin-Motioned to approve the amendment

Alicia Hickman- second the motion.

All other committee members motioned to approve.

***Amendment has been submitted for review***

- **Internet Safety**

Possibly our technology specialist (Missy) can have an internet safety booth set up during parent teacher conferences. Jill can have her meet with district tech. Alicia suggested that that might not be the best time, but rather just have the info/resources available. Email the internet safety resources to Jill that were sent out last year. SCC can review it and decide what will be sent out to families.

-Internet safety at school

-Internet safety at home

Jill will address in a faculty meeting that if students find something inappropriate on the internet at school that they should feel comfortable to tell a teacher.
