

Spring Creek Elementary

PARENT INVOLVEMENT

Policy

We believe that parent involvement is crucial to the success of our students. We will take the following steps to ensure parent involvement at Spring Creek Elementary.

1

All parents are encouraged to volunteer at the school. An open door policy exists for visits.

2

We will have a minimum of two parent/teacher conferences a year. However, parents will be notified of academic progress throughout the year.

3

We will provide parent involvement opportunities throughout the year and at flexible times.

4

English and Spanish will be used for parent communications sent home, and in school activities and programs when possible.

5

Each Spring we will send home a questionnaire to help identify parent and student needs.
