

HOW SHOULD UTAH VALLEY GROW?

UTAH COUNTY PROJECTED POPULATION GROWTH
(85% OF GROWTH WILL OCCUR INTERNALLY)

The answer is up
to **you**.

Take the Valley
Visioning survey
to share your
vision—and earn
\$1.50 for your
local school!

LEARN MORE →

Valley Visioning is a community-wide effort to create a vision for growth in Utah County.

In the survey you will have the chance to weigh in on growth-related issues like water, transportation, education, and many others that will have big impacts on our future.

HERE'S HOW IT WORKS:

STEP ONE: Visit www.utahvalleyvisioning.org to learn more about the specific impacts of Utah Valley growth.

STEP TWO: If you're 13 years or older, take the Valley Visioning survey to add your voice to the community's vision.

STEP THREE: Be sure to choose which local school you're taking the survey for.

Adobe and Ancestry have offered to donate \$1.50 to local schools for every survey taken. A maximum donation of \$4,000 will be available per university, \$2,500 per high school, and \$1,000 per elementary or junior high/middle school up to a maximum countywide amount of \$15,000.
