

A Few Words From Mrs. Hansen

I am so excited to teach at Spring Creek! The administration and faculty/staff here are so positive and helpful, and the parent involvement and support is amazing.

Qualifications

This is my 29th year of teaching in Provo School District.

At the beginning of my career, I taught fifth and sixth grade at Westridge. Next, I spent three years at BYU helping train preservice elementary teachers. I returned to the classroom, and taught fourth grade for eight years at Timpanogos Elementary. After that, I transferred to Spring Creek. I taught third grade for three years, and am currently beginning my sixth year here as a fifth grade teacher.

I have a Master's Degree in Education, a "Technology" Endorsement, an "English for Second Language Learners" Endorsement and am currently in the process of completing a "Gifted and Talented" Endorsement. As part of my Master's program, I also completed all the coursework for a Utah State "Reading Endorsement."

Personal Information

My husband, Steve Hansen, is the drafting and architecture teacher at Provo High. We have four children--two boys (McKay is 24 and Zach 14) and two girls (Kylie is 21 and Addie is 18).

I love living in Utah. I also love to read, write, solve challenging math problems, travel, and play pinochle with my 80-year-old father. Believe it or not, I also enjoy writing lesson plans!
