 - Student Version
 - Parent Version-
 - It was asked, Where and how parents will pick up walkers, bus kids, parent pick up in the event of an emergency. Jill will also put info about the importance of having info updated in Powerschool because parent will get info via ParentLink (Jill will give more specific information on this topic)
 - Parent Input
 - Specifics about in school threats, natural disasters, police have told us the best evacuation area but that can't be published for safety reasons
 - Safe Routes
 - Jill shared a Saferoutesutahmap.com map of the route students should take when walking to school. The cross at California and Nevada Ave is an area of concern, there are no crosswalks. Dakota to Mountain Parkway is also a concern because there is no crosswalk and cars drive fast. In front of the school on Nevada Ave there are no speed limit signs and no school/school zone signs. Jill is also concerned about the new housing community being built below the school and the students who walk on the sidewalk through the entrance. No crossing guard at Nevada and Slate Canyon.

- SCC has been asking for several years for at least a School Zone sign, we don't understand why this hasn't happened. There are also several areas listed above that we would like crosswalks and stop signs.
