IMPROVE YOUR SMILE!

GIVE KIDS A SMILE SERVES CHILDREN WITHIN THE COMMUNITY BETWEEN 2-12 YEARS OF AGE. THIS PROGRAM TEAMS UP WITH LOCAL DENTISTS AND DENTAL OFFICES IN ORDER TO PROVIDE FREE DENTAL SCREENINGS AND CLEANINGS TO CHILDREN FROM LOW-INCOME FAMILIES WITHOUT DENTAL INSURANCE.

How to qualify: Children must be between 2-12 years of age and come from a low-income family without dental insurance. Each parent and/or guardian needs to complete an application and schedule the child for a free dental cleaning and screening by a local dentist. The application includes a health history form and consent form. School nurses will distribute the applications to underserved children attending their school. The applications must be completed and turned in by February 15, 2022.

Scheduling: Once the applications are turned in, the parent and/or guardian will be contacted to schedule their child for the cleaning and screening.

Appointments will take 45 minutes to an hour.

The parent and/or guardian will be contacted the week of the event to remind them of their child's appointment.
